

## Example budget justification for SDRME invited review

### Option 1

**Budget justification:** Among other expenses, this project will require online data extraction software for two investigators for one year (\$780 per person = \$1560), translation fees (\$225 per article x anticipated 10 articles = \$2250), and 30 hours of research assistant support (@ \$35/hour = \$1050), for a total of \$4860. Any amount in excess of the award will be covered through local discretionary funds. All investigator time will be donated without charge.

### Option 2

#### Budget justification

Online data extraction software	2 1-year licenses @ \$780/license	\$1560
Translation fees	Anticipated 10 articles @ \$225/article	\$2250
Research assistant	30 hours @ \$35/hour	\$1050
<b>TOTAL</b>		<b>\$4860</b>

Any amount in excess of the award will be covered through local discretionary funds. All investigator time will be donated without charge.

*Note: This statement would usually appear on page 2 of the proposal, and does count toward the 2-page limit. It is entirely reasonable to request funds for investigator time.*
